

Forest Technician Level 1

Job Posting Fall 2021

The Oak Hill, West Virginia Office of FORECON, Inc. has an immediate opening for a highly-motivated, full-time Forest Technician.

Principal Duties Include:

- Timber inventories
- Timber marking
- Assist in timber sale administration duties (harvest layout, inspections, etc.)
- Boundary marking
- Property inspections
- Other duties pertaining to our current land management accounts, as well as industrial and private clients

Principal Requirements include:

- An Associate in Science or Associate in Applied Science degree in Forest Technology or Natural Resources or 2+ years of practical field forestry field experience is required.
- Individuals with a BS degree in Forest Science, Forest Management or Natural Resources are also encouraged to apply.
- Must be competent in forest mensuration techniques including point, plot and 100% tally inventory methods.
- Basic knowledge of office software (Word & Excel).
- Self-motivated and able to work in a fast-paced environment with minimal supervision.

A "Task and Duty Guide" for this position is available upon request. Pay and benefits are commensurate with skills and experience. Basic forestry equipment and professional dues are provided by the company. Entrepreneurial spirit, solid communication skills, strong work ethic and dedication to meet company and client needs are essential. Extensive training and professional development opportunities provided, depending on experience.

Future advancement opportunities within the company, when available, are solely dependent upon qualifications and a proven ability to complete work accurately and on time, as well as working with clients and staff in a professional and productive manner.

Resumes and inquiries should be directed to: smoss@foreconinc.com.
